The Leads and co-Leads were asked to introduce themselves.
There is a sufficient of members signed up for four topic groups. As shown above, two topics are still in need of both leads and members. We will review whether the viability of these two groups in the future meetings.

3. Communication/Collaboration channel discussion
Michaela explained that Slack channel provided by NIST includes a slightly different governance, e.g., administrator's approval, that can some delay in allowing people in gaining access to the channel.
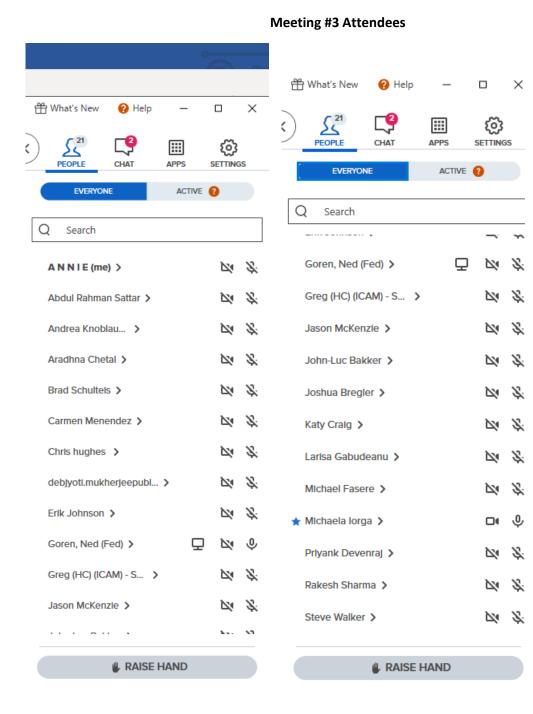

A discussion followed on other options, e.g., GitHub, Gitter, etc. The majority voted to use Slack for MCSPWG. Members requested that NIST to proceed with setting up the Slack channel through NIST for each group this week and to assess any issues for members to begin using the channels. An update on the progress will be emailed to

MCSPWG members on March 4, 2022. [Post meeting note: As of Friday, March 4, 2022, NIST Staff has yet to finalize Slack.]

4. The next meeting will be in two weeks at 3:00 PM ET, March 14, 2022

5. Meeting adjourned at 4:15 PM ET.
