

**Preliminary Program Agenda as of April 24, 2018**  
**Software and Supply Chain Assurance Spring Forum 2018**  
**May 1-2, 2018, MITRE-1, 7525 Colshire Drive, McLean, VA 22102**

Topic: the use of education, training, and certifications for managing the growing environment of cyber threats in software and supply chain assurance:

- Who needs to be taught?
- What do they need to know that isn't currently being taught?
- How do they / should they learn?
- What works and what doesn't?
